**Training-** Tom Ropchak Ch.,

Hiawatha-Seaway Council has been selected to participate in a new training program. Specifically, we want all key unit leaders trained. By 2011, we want all direct contact (with youth) leaders trained by the 2011 recharter.

Unit leaders should make sure that all applications (adult and youth) are submitted to council as they are filled out. The membership card that is returned to the new leader has a membership number that is used to track their training.

Efforts are already going on to facilitate this process. To help us through the process, please make sure that you can find your pocket training cards. Please inspect the Council Training Web Site for general training requirements, and for scheduled Cub Scout, Boy Scout, and Venture Scout Training Session. Also, please explore the online courses available through the BSA National web site. Links to those trainings are found through the Council site
