

Training Development Conference

March 16 & 23, 2010

Attention: District &, Unit trainers; Commissioners; and interested Scouters

Interlakes District is presenting a **Trainers' Development Conference** on two Tuesdays, March 16 and 23, 2010 in Camillus, NY. You must attend both sessions to complete this training. This course is being organized because some Interlakes scouters cannot attend the council scheduled courses (all day courses) on Saturday, March 13 or March 27. Please try to attend the council scheduled March 13th offering first, and use this course as your 2nd opportunity.

You will receive guidelines on effective training techniques that will be used to present training in your Scouting units. You will contribute by providing the materials that our new leaders need to make their Scouting experience easier. They will provide a program that is more rewarding and that our youth will want to participate in.

Quality leaders are the result of Quality Training. Quality Training of new scout leaders is one of the main responsibilities of the Hiawatha Seaway Council and the local Scouting Districts. Getting these new leaders through training as soon as possible will enable them to feel comfortable with the program. You will be doing your part by making sure training happens in your community. Specifics for this conference are as follows:
