

Venturing is ...

- Planning your own programs for high adventure, skill development, social interaction, and community service
- Young men and women working together in teams to learn leadership and problem solving in the nation's most successful leadership development program
- Adults who can teach and advise how things can be done
- Peer recognition which values and honors accomplishment

*... for young men and women
aged 14 to 18 years*

What a Venturing crew does is limited only by the imagination and involvement of its adult and youth leaders and members. You could sail the Caribbean, produce a play, climb in the Rockies, white water raft, teach disabled people to swim, perform Civil War reenactments, form a bagpipe band, or go cycling and horseback riding. All these adventures and more are being done today by Venturing crews and ships across the country.

Venturing makes the difference ...

*Venture Scouts are successful in
their later lives.*

- Venturing provides a place to explore and learn from life
- Venturing fosters self-confidence, reliance, and independence
- Venturing provides physical and intellectual challenges
- Venturing asks you to do your very best
