

Onondaga District Lamplighter Award Nomination Form

Have you ever been a member of or known of a scout unit that was in imminent danger of failing and closing it's doors? Have you seen an area that really needed to be served by scouting but didn't quite know what to do about it? If you've been in either of these situations I'll bet you wished you had a magic lamp that you could rub and produce a genie that would make everything better.

There are genie's but we know them as dedicated Scouter's that go the extra mile to correct these types of situations. They don't pop out of a lamp; they've always been there just waiting for the opportunity to spread or preserve the light of Scouting.

These are the people that this award is meant for. To nominate someone fill out the form below.
