March 9, 2019 Longhouse Council Venturing Academy

Immaculate Conception Church, 400 Salt Springs St., Fayetteville NY 13066

Youth Courses for Advancement, taught by youth! - Following the Trail to the SUMMIT!

***Project Management:** This training provides an understanding of project management and the tools, techniques, and templates to effectively work on a project. Outlined in this course are steps that will enable you and your project team to plan and manage a project from concept to conclusion; in this process, you'll meet everyone's expectations. The course will start by providing a basic understanding of project management concepts, and then in plain everyday words, explain how a project manager and team can effectively: define the project, organize the work, create a plan, and work the plan to a successful conclusion.

***Crew officer Orientation:** This training module is geared primarily to Venturing youth that are elected into positions as officers within their Venturing crew, but it can also be used by adult leaders to learn the duties of the officers in the crew. This course is very useful for youth officers to fully understand their roles and responsibilities as it relates to Crew Officers Briefings and Seminars. This course will help the youth develop an annual plan of activities for the crew, as well as acquiring leadership and team-building skills.

***ILSC (Introduction to Leadership Skills for Crews):** The purpose of the Introduction to Leadership Skills for Crews course is to teach crew members with leadership positions about their new roles and how to most effectively reach success in that role. It is intended to help Venturers in leadership positions within their crew understand their responsibilities and to equip them with organizational and leadership skills to fulfill those responsibilities. Introduction to Leadership Skills for Crews is the first course in the series of leadership training offered to Venturers and is a replacement for the Venturing Leadership Skills Course. Completion of Introduction to Leadership Skills for Crews is a prerequisite for Venturers to participate in the more advanced leadership courses National Youth Leadership Training (NYLT) and the National Advanced Youth Leadership Experience (NAYLE). It is also required for Kodiak.

***Goal Setting and Time Management:** This course will provide a fun, interactive learning experience in learning: Goal Setting and Time Management. Completing this training module will fulfill the Venturing Discovery Award requirement for the goal setting-time management training course. Finding a successful time management strategy depends on each individual's personality, ability to self-motivate, and level of self-discipline. This course introduces established methods for improving a Venturer's ability to effectively manage a daily timeline in his or her life.

***Mentoring for Venturing:** This course will provide an interactive learning experience on Mentoring in a 2-hour course. Completing this training module will fulfill the Venturing Summit Award requirement for the Mentoring training course.

***Required for Advancement toward Summit Award**

Youth and Adult :

The Fundamentals of Training (T3): This is the first part of the three-part train-the-trainer continuum (T³, or T-Cubed) in the Boy Scouts of America. The course introduces teaching techniques and skills to new Scout trainers but is also designed to help all Scouters, regardless of their experience, present effective training. Intended for both youth and adult trainers, the course will help those who might have trained for other organizations learn the BSA's training techniques, and it will help freshen up the skills of current BSA trainers.

CPR/First AID: This course trains the lay responder to overcome any reluctance to act in emergency situations and to recognize and care for life-threatening respiratory or cardiac emergencies in adults. Upon completion of this course, you will be certified for two (2) years.

Summit Award How To: We will be going over the basics of how to help your Scouts get through the Summit award process.

Leave No Trace: This course is designed to help all program levels understand the general principles of Leave No Trace and how to apply them in the local BSA outdoor program.

Affordable Scouting: Scouting is an amazing program that can be expensive at times. This presentation will cover things like gear rental, using community resources and finding funding in the most unlikely places. The presentation will be as much a discussion as it will be a presentation so please come with questions and ideas to share.

Adult Courses:

Training the Charter Org Rep: This course provides information regarding the relationship between a Scouting unit, its chartered organization, and how the Chartered Organization Representative serves as the liaison between the two.

Venturing Adult Forum: This is an opportunity to ask questions and share information with other Venturing leaders throughout Longhouse Council. We will discuss everything from program, advancement, finance, communications, and much more. Even if you are not a leader, you are invited to come learn about the program.

Please Send Registration Forms to: **Melissa Cummings** at mcummings08@verizon.net
