**2019 Scouting University**

Dear Scouts, Scouters, and Scouting Friends,

Welcome to the Longhouse Council Scouting University! The first since Scouts BSA officially launched on February 1, 2019 welcoming young women into the Scouting program and giving them the opportunity to earn Scouting's highest rank, Eagle Scout. With both young women and young men in the Scouting program, more youth will have access to the character development and values-based leadership that Scouting promises.

Scouting University offers courses that are designed to help you improve your skills and increase your knowledge about all areas in Scouting. While the classes are organized within certain areas of study, all classes are open to all participants, except some youth courses are only open to youth. We have organized a single day packed with fun, program ideas, guidance, and educational information.

Training is an important part of becoming an effective leader. The important scouting position you hold will be easier and more successful once you develop the skills necessary to deliver a quality scouting program that each Scout desires. Not only does every Scout deserve a trained leader, but a trained leader that strives to keep their training up to date. Trained leaders positively impact the quality of programs, leader tenure, youth tenure, safety, and much more.

In addition to the great courses that we are offering, you can meet and share ideas with other scouts and scouters from all over. We encourage you to use your time between classes for networking and making new connections. Join us in becoming an educated and skilled Scout leader who enthusiastically instructs, guides, and inspires youth and adults across all programs of Scouts BSA. Registration for Scouting University is available on Tentaroo.

Scouting University would not have been possible without the exceptional dedication and support of many volunteers. We are wishing you a day filled with fun and educational adventures!

Yours in Scouting,

Huda Suliman
