

BSA MB Day Camp- August 16-20, 2021

BSA MB Day Camp is back for its 6th year! Summer 2021 will find us once again offering exciting trade-based tracks for your scout. Trades are always in demand. Our camp gives scouts an opportunity to sample many different areas that will teach them practical and useful skills that could lead them to their dream career! Last year we had some scouts "retake" a MB and were surprised that they really enjoyed expanding on what they had learned before. Many of the classes teach life skills that will make your scout more confident in their ability to fix or create something with their own hands.
